When Billie Eilish was interviewed on the red carpet at the 2020 Oscars, she reminded everyone how young she is. At Chanel, an 18-year-old told Billy Porter that some of his favorite movies were Babadook and we need to talk about Kevin... 2014 and 2011. Naturally, it made the Internet feel incredibly old. Eilish's brother, 22-year-old Finneas O'Connell, said he was The Social Network (2010), Moneyball (2011) and kind of everything Aaron Sorkin had nothing to do with. And these are movies about your youth?! Porter replied with astonishment. Uh huh. Twitter felt like Porter. I'm not old, but Billie Eilish and her brother answer the question 'Which movies do you like when you were little?' with answers like The Social Network had quite an experience! tweeted one viewer. As hard as it gets to learn that Eilish was only 12 years old when Babadook came out, his long black claws kind of appealing to the nightmare on Elm Street's Freddy Krueger, which makes sense considering he said his favorite genre was horror. The Twitter @WalterWhiteRab1 the singer's look as post-apocalyptic Miley Cyrus. Eilish and O'Connell continued to talk movies with Louis Vuitton and Sydney Park to The Academy. I mean, Parasite really blew my mind, Eilish said, also referring to the Oscar nominees Once Upon a Time in Hollywood and Jojo Rabbit, the latter of which he and his brother had just watched. In addition to Sunday night's In Memoriam appearance, Eilish will sing the next James Bond theme song, which she told Billy Porter she wrote with O'Connell. It's done!, he said. It's crazy, man. I'm sure that's the goal of life. A life goal at the ripe age of 18. Photo: Darkroom/Interscope Billie Eilish is a singer and songwriter who emerged from her early SoundCloud songs. She has since received numerous awards, including the Grammys Best New Artist Award and Guinness World Records' Most simultaneous US Hot 100 entries from a woman. But unlike other mainstream artists such as Taylor Swift and Ariana Grande, Billie's songs stand out because she whispers as she sings in a beautiful tone, as well as her authentic and honest lyrics about life. And speaking of his lyrics, many of them are in a layer of complexity. They also seem to hint at Billie's past romances, depression pains and reactions to fame and happiness. Songs like Ocean Eyes and Everything I Wanted may be popular, but can you pronounce all these lyrics with heart? OK, maybe it's too easy ... How about Ilomilo and Xanny? Sure, all kinds of wallpapers don't work well in the bathroom due to water spillage and humidity levels, but many of them are really perfect for this space. Choosing the image you want to sing is the first step. Most solid vinyl wall coverings meet the requirements of bathrooms: They are porous, resist water and moisture, and can be washed with a brush. This is especially important for children's bathrooms, such as the one above, where the potential for spilling water is high. Washable wallpaper means it can withstand sponging from time to time and may not always fit the perfect bathroom, but can work in a powder room. (Beware when buying appropriate symbols; the erased wallpaper has a wavy line icon and a brush and the wallpapers only have wavy lines.) In addition to these requirements, the sky is the limit for wallpaper styles, designs and patterns. Hundreds of designers are developing new wallpaper collections a year when you have enough choice for any interior style, budget and color scheme.
